

*Professional
power-feeding
unit with variable
speeds*

VARIOSTEFF 3

Safety device for a safe and effective
workpiece feeding on different types
of traditional wood-working machines

HIGH-QUALITY END PRODUCTS

3-wheel model : the ideal solution for the feeding of laths and medium or small-size workpieces. Thanks to the two infeed-wheels and the third outfeed one, the workpiece is constantly and evenly fed through the working process, thus remarkably improving the quality of the end products.

HIGHEST VERSATILITY

A wide range of variable speeds, that You can easily select by turning a knob. The ideal solution for those who often need to change the feeding rate. The speed selector on the motor unit allows a quick change of the feeding direction back and forth

PERFECT GRIP

50-Shore wheels made of patented "Feeder Grip" rubber, providing the longest durability and the highest grip on the workingpiece

Improves the safety : the operator does not have to put his hands close to the tool

Improves the finish quality, thanks to the constant and even feed-rate

Feed-rate can be easily selected to meet every specific working need

Easily adjustable to suit different sizes of work piece

VARIOSTEFF 3 SERVICE

Worldwide after-sale service.
Real-time, on-line remote assistance through a dedicated augmented reality APP.
Spare-parts availability for up to 10 years, shipment within 24 hrs

DATA SHEET

Variable speeds	from 3 to 18 mt/min (up to 33 mt/min optional)
N. of wheels	3
Wheel diameter and thickness	120 x 60 mm
Motor	1 HP / 0,75 KW RPM 1400 /2800
Wheel suspension	20 mm
Distance between wheels	 182 mm - 133 m
Distance between first and last wheel	 315 mm
Overall dimensions and net weight of the feeding unit	506 x 206 x 510 mm 31 Kg
Overall dimensions and net weight of the stand	540 x 910 mm 35 Kg
Package dimensions and gross weight (feeding unit)	670 x 570 x 330 mm 33 Kg
Package dimensions and gross weight (stand)	800 x 330 x 330 mm 37 Kg

SAFETY AS A CORE VALUE

A power-feeder improves the safety as it feeds the workpiece close to the tool, while operator's hands are kept at a distance. Its effectiveness depends on specific design and manufacturing criteria. Maggi feeders are the only ones designed and manufactured in Italy and abiding by all EU safety norms.

UNIVERSAL STAND

For easy positioning and adjusting of the feeding unit on the machine tool. It is easy to fix, stable and strong : foot, cross-shaped piece, pipe, joint and collar are made of cast-iron and the two columns are made of rectified steel of considerable thickness.
