

*Professional  
power-feeding  
unit with fixed  
speeds*

## **STEFF 2038**

Safety device for a safe and effective workpiece feeding on different types of traditional wood-working machines

### **HIGH-QUALITY END PRODUCTS**

3-wheel model : the ideal solution for the feeding of laths and medium or small-size workpieces. Thanks to the two infeed-wheels and the third outfeed one, the workpiece is constantly and evenly fed through the working process, thus remarkably improving the quality of the end products.

### **QUICK SET-UP WITH GEAR SHIFT**

The speed selector allows a quick set-up of the 1st and the 2nd feeding rate and the quick change of the feeding direction back and forth. First 4 speeds are obtained by swapping the internal gears, while turning the gear lever. You can get the additional 4 speeds easily and fast.

### **PERFECT GRIP**

50-Shore wheels made of patented "Feeder Grip" rubber, providing the longest durability and the highest grip on the workingpiece

- **Improves the safety** : the operator does not have to put his hands close to the tool
- **Improves the finish quality**, thanks to the constant and even feed-rate
- **Feed-rate can be easily selected** to meet every specific working need
- **Easily adjustable** to suit different sizes of work piece

## STEFF 2038 SERVICE

Worldwide after-sale service.  
Real-time, on-line remote assistance through a dedicated augmented reality APP.  
Spare-parts availability for up to 10 years, shipment within 24 hrs

## DATA SHEET

N. of speeds back and forth	8
Fixed speeds	2-4-5.5-6.5-11-13-16.5-33 mt/min
N. of wheels	3
Wheel diameter and thickness	120 x 60 mm
Motor	1 HP / 0,75 KW RPM 1400 /2800
Wheel suspension	20 mm
Distance between wheels	○○○ 133mm - 153 mm
Distance between first and last wheel	○○○ 286 mm
Overall dimensions and net weight of the feeding unit	474x220x490 mm - 31 Kg
Overall dimensions and net weight of the stand	540 x 910 mm 35 Kg
Package dimensions and gross weight (feeding unit)	670 x 570 x 330 mm 32 Kg
Package dimensions and gross weight ( stand)	800 x 330 x 330 mm 37 Kg

### SAFETY AS A CORE VALUE

A power-feeder improves the safety as it feeds the workpiece close to the tool, while operator's hands are kept at a distance. Its effectiveness depends on specific design and manufacturing criteria. Maggi feeders are the only ones designed and manufactured in Italy and abiding by all EU safety norms.

### UNIVERSAL STAND

For easy positioning and adjusting of the feeding unit on the machine tool. It is easy to fix, stable and strong : foot, cross-shaped piece, pipe, joint and collar are made of cast-iron and the two columns are made of rectified steel of considerable thickness.
